Christmas isn't a date, but a condition of mind and heart—especially the latter.

If present plans do not miscarry, Lancaster will soon have three play-houses.

Lancaster merchants are doing an unprecedented business. Our people are shopping at home.

It surely does seem a shame that Garrard county's splendid tobacco crop must be marketed away from home.

"Little drops of water" will gradually fill our lake. Saturday's rain increased the volume by twelve inches.

Just because a girl makes good fudge, it's no sign she won't sew on buttons and mend socks. And it's no sign she will.

"Tis an ill wind that blows nobody good." The kiddies have had a long and joyous holiday while the furnace at the school was being repaired.

The Lancaster Tobacco Warehouse is getting its share of the crop and these two clever gentlemen Billy Speath and Jake Graw have their hands full to handle it.

Will Be More Careful In Future.

Reports continue to come in of meat being spoiled which was killed during the recent cold snap, and it is safe to say that farmers will be exceedingly careful as to weather conditions in the future before they slaughter.

Turkeys Spoil.

Local produce men were severe losers on the turkeys killed for the Thanksgiving market. Because of the exceedingly warm weather prevailing about that time, many of the fowls spoiled before reaching the Eastern markets.

Mrs. Allison Sanders Improving.

It will be a source of great pleasure to the many friends of Mrs. Allison F. Sanders, who is in Rochester, Minn. under the care of the famous Drs. Mayo, to know that she is progressing nicely and that it is thought that an operation in her case will not be necessary, and that the malady from which she is suffering is not so severe as was thought.

Senator Farris Sells Property.

The real estate firm of Hughes & Swinebroad has sold to Mrs. Jennie Embry for Senator G. T. Farris, the latter's residence on Richmond street in this city for \$1750, possession to be given on January 1, 1914. Mrs. Embry purchased this property as an investment and the property has been rented to Mr. Will Dickerson, who now occupies it, for the coming year.

Garrard County Tobacco Brings Good Price.

Ray Noel, a son of Mr. W. T. Noel of Buckeye, marketed a crop of 2110 pounds of tobacco at the Independent warehouse in Lexington on last Saturday which netted him an average of 20 cents per pound. Mr. W. T. Noel on whose farm the crop was raised, tells us the tobacco was extra fine, and considering the prices that have so far prevailed, he received a nice price for it.

Editor Pulliam Is Now "Mayor" Pulliam.

Editor John G. Pulliam has been chosen by the City Council of Harrodsburg to fill out the unexpired term of D. Lee Currey, whom Gov. McCreary has appointed County Judge of Mercer Co. to fill out the term of Judge John W. Hughes, who was made Collector of Internal Revenue for the 8th District. Editor Pulliam had already been elected to a four years term as Mayor of Harrodsburg. He will continue to edit that splendid paper the Herald, which, by the way, is growing by leaps and bounds, and is one of the newest sheets in the state.

Rev. Peebles Injured.

It will be sad news to the legion of friends of Rev. J. R. Peebles in Lancaster to know that the splendid old gentleman fell on the streets of Winchester recently and sustained a broken ankle. He is doing as well as could be expected, but at his age, he is 93 years old, his friends are very fearful of serious results. Dr. Peebles many years ago had charge of the local Methodist church. He was active in educational work as well as in promoting church work, and it was due mainly to his efforts that the old Garrard Female College, one of the best institutions of learning in Central Kentucky in its day, was established. It stood upon the site of the present Graded School. Rev. Peebles was also mainly instrumental in the erection of the present Methodist church, superseding the old dilapidated structure which that congregation had used.

For your Christmas pies try Hersch's bulk mince meat at Ball's Grocery.

Bro. Ellis To Preach At Mt. Tabor.

Rev. C. S. Ellis of Latonia will preach at Mt. Tabor, near Paint Lick next Sunday. Bro. Ellis is well and favorably remembered in Lancaster, and many of his friends here, provided the weather is favorable, will take this opportunity to hear him again. He was at one time pastor of the local Baptist church and also a member of the faculty of the Graded School.

Unusual Weather.

Last week dandelion was in bloom and under the gentle influence of a soft southern breeze, vegetation began to sprout up, many people were enjoying the unseasonable luxury of "mustard greens" and other garden truck peculiar to the early spring months, and the town man began to grow fearful lest his wife should importune him to make her a bed for Sweet Peas. We will doubtless pay dearly for these pretty days before the actual advent of spring.

Moving Begins.

Mr. W. S. Carrier has moved to his handsome new house on Danville street which he has but recently completed, and Mr. S. D. Cochran has moved into the house vacated by Mr. Carrier, which Mr. Cochran recently purchased. Our citizens have been taking advantage of the nice weather and have moved a little earlier than they had intended. Mr. John M. Sanders has also moved into the J. B. Collier property on Danville street, which he recently purchased.

Gilcher House Rented.

Moore Bros. of Elkchester, Fayette county have rented the Gilcher Hotel in Danville, but will not take possession until next April or May. In the meantime, Mrs. Delia Bogle, who has had charge under the assignee since the failure of the Messrs. Lowell, will continue in charge of the hostelry until the new owners take possession. The depot restaurant has also been sold to Messrs. Arthur Frank of Danville and Beecher Smith of Somerset, those gentlemen paying the Lowell assignee \$3000 for the lease which has about three years yet to run. It is thought that when the affairs of the Messrs. Lowell are finally wound up that their creditors will realize about 60 cents on the dollar.

The Omnibus Bill Again.

The Omnibus Bill, the measure which annually raises the hopes of so many Kentuckians, only to blast them again, is again before the House, and as usual has "bright hopes of passage". This measure carries with it a multitude of old war claims, among which are a great many in which people in this immediate locality are interested. Many times has its prospects of passage seemed bright and yet it died an untimely death in a Committee's hands or elsewhere, all of which goes to show that, at least in some instances, Uncle Sam is a tardy paymaster. One thing however in its favor this time is that Rep. Oscar Underwood is urging its passage, and it is hoped that with his able assistance it may be put through successfully and that the long deferred hopes of those interested may be realized.

Well Known In Lancaster.

Colonel J. Monroe Young, better known to his friends as "J. Roe," and who was a resident here in the palmy days of Middlesboro, arrived here last week after an absence of twenty-three years. Colonel Young now makes his headquarters in Washington. He is deriving a great deal of pleasure meeting his oldtime friends here. Mr. Young, when asked by a Pinnacle News man what his impression was of Middlesboro after being absent for so many years, said: "When I left here twenty-three years ago Middlesboro was a paper town and looked to me on the verge of crumbling. You can imagine the surprise in store for me when I find what has been accomplished in these years toward making your city a substantial and an enduring one." Mr. Young says that his wife is at Mt. Sterling at present and is enjoying good health. Pinnacle News.

Tobacco Not In Condition When Put On The Market Depresses Prices.

Warehousemen throughout the state are complaining that farmers are bringing their crops to market wet; that many of the crops contain wet stems and are not in proper condition to be marketed. They claim that this not only proves detrimental to the farmer himself, causes his crop to bring a less price than if it were in proper condition, but it actually has a tendency to depress the general market, to the disadvantage of the good and bad handler alike.

This state of affairs is perhaps in a measure due to the over anxiety of some to rush their crops to an early market in order to get "Christmas money", and in that over anxiety, they neglect to see that their tobacco is in as good condition as it should be. Haste ever made waste, and this is no exception to the rule. The farmer who takes his time and does not market his crop until he is absolutely sure it is in a marketable condition, is the farmer who will get the long price for his product.

Grand Jury Reports.

The grand jury during its sessions last week found eleven indictments, most of them for misdemeanors. They will sit at least one more day this week and will be granted further time if they deem it necessary.

Splendid Attraction Coming Don't Miss It.

Manager Romans has booked for the 29th inst. "The Royal Welsh Ladies choir", which is composed of rare talent and comes with the very highest recommendations. Remember the date, Dec. 29th, and don't miss it.

Good Appointment.

Carlton Elkin has received notice, through Hon. Harvey Helm, of his appointment as rural mail carrier on route number 3. This office is under civil service and eighteen applicants took the examination. It draws a salary of \$1100 a year and Mr. Elkin is being congratulated upon his appointment.

School Opens Again.

The Lancaster Graded school after an enforced holiday of a week due to trouble with the heating apparatus, again opened on last Monday morning. The new boilers were installed and it is thought there will be no more interruptions from this cause.

Mat Brock Held Under \$500 Bond.

The grand jury has returned an indictment against Mat Brock charged with an assault upon Prof. B. F. Evans, but because of the inability of Prof. Evans to appear against him, his case was continued until the next term of court. Brock was admitted to bond in the sum of \$500 which he gave.

Miss Higgins In Carlisle.

Upon the invitation of Miss Lida Gardner, the school superintendent of Nicholas county, Miss Jennie Higgins will visit her in Carlisle all of next week. She goes to assist Miss Gardner in the school Fair that takes place there next week, and with such able assistance the Fair should be a pronounced success.

Mrs. Chas. Baerlein Undergoes Operation.

Mrs. Charles Baerlein underwent a serious operation on Monday at the residence of Dr. J. M. acton in this city. She stood the ordeal well and is doing nicely, and while her condition is serious, it is believed that she will recover. She is under the care of Miss Louise Terry, an experienced nurse of Richmond.

Country Store Sold.

Mr. Noah Spanhower has sold his store and residence at Point Leavell to Mr. Henry Sanders, possession to be given May 1, 1914. Mr. Spanhower will remove with his family to Kingston Mo. Mr. Spanhower is a splendid citizen and a progressive business man, and his many friends regret that he has decided to leave the home of his birth. The property sold is one of the best in the county.

The Best Known Christmas Poem.

"Twas the Night Before Christmas"—those delightful verses that will charm both the old and young as long as there are stockings to be hung—was written ninety-one years ago, just before the holiday season, by Clement Clark Moore, then professor of oriental languages in the New York Theological seminary. It has become an American classic, and no Christmas day is complete without a reading of this charming little lyric that has lived and gladdened the Christmas tide for nearly 100 years.

Indicted For Forging Order For Lignor.

The present grand jury returned an indictment against a negro living in the vicinity of Lowell charging him with forging. The negro is charged with having forged the name of another person to an order on the Express agent at Lowell for a consignment of liquor which he obtained on the forged paper. This should prove a warning to those who are accustomed to calling for liquor consignments which are not addressed to them individually, as sooner or later they are certain to fall into the clutches of the law.

Judge Hughes Sale.

At the sale of Judge John W. Hughes held at his farm in Mercer county on the 4th inst, the following prices were realized:

Horses brought from \$80 to \$125; work mules, \$100 to \$200; four pairs of work mules, \$350 to \$400 a pair; yearling mules, \$85 to \$100; horse colts, \$60 to \$85; milch cows, \$40 to \$70; one registered Durham bull, fifteen months old, \$95; calves average \$18 a head; short yearling Jersey heifers, \$30 a head; brood sows with pigs by side, \$30 to \$45; sows net to farrow, \$20 to \$35; twenty-five unregistered gilts weighing 100 pounds, \$6 a head; registered male hogs, \$12 to \$20; mule-footed hogs, \$12 to \$25.

Auctioneer John I. Vanardall cried the sale.

AGE NO BAR

Everybody in Lancaster Is Eligible.

Old people stooped with suffering. Middle age, courageously fighting. Youth protesting impatiently. Children, unable to explain. All in misery from their kidneys. Perhaps a little backache first. Urinary disorders, dropsy may quickly follow.

Doan's Kidney Pills are for sick kidneys.

Are endorsed by thousands.

Here's Lancaster testimony.

Mrs. H. G. Crutchfield, Stanford St., Lancaster, Ky., says: "My little boy was greatly troubled by his back and kidneys. He did not have proper control over the kidney secretions which caused no end of annoyance. The child also looked badly and I was considerably worried about his health. I heard of Doan's Kidney Pills, got a box and began giving them to him according to directions. He is now a great deal better."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

BALD AT 35

Cleanse The Scalp; Nourish The Hair And Never Grow Bald. Use Parisian Sage.

Don't grow bald at 35 as thousands of men do—yes! and women also. Failure to keep the hair properly nourished and the scalp free from dandruff is one of the main causes of baldness.

If your hair is thinning out immediately action is necessary. Parisian Sage is just what you need to remove dandruff, stop falling hair and itching scalp and make the hair strong, beautiful and vigorous.

This delightful and refreshing hair-tonic, which is now sold at druggists and toilet counters in 50 cent bottles, is rigidly guaranteed. If Parisian Sage does not give complete satisfaction R. E. McRoberts & Son will return your money.

Parisian Sage surely supplies hair needs. The first application removes dandruff, invigorates the scalp and puts life and beauty into thin, dull and faded hair.

Stop Catarrh!

Unless Properly Treated With Hyomei

This Disease May Become Serious.

If you have catarrh, indicated by sniffing, stopped up head, droppings in the throat and morning choking, there is an irritated state of the mucous membrane which affords an ideal condition for the growth of disease germs.

Do not allow these dangerous germs to begin the destruction of your health.

The easiest, simplest, quickest surest and cheapest way to check catarrh is by breathing Hyomei. This wonderful medicated air treatment does not upset the stomach, but is breathed in through the Hyomei inhaler, directly following and surely destroying all disease germs that may have been inhaled—the tissues of the throat, nose and lungs are quickly healed and vitalized.

Money refunded by R. E. McRoberts & Son to anyone whom Hyomei fails to benefit. A complete outfit costs but \$1.00.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

TOBACCO GROWERS!

The following letter has been sent out by
The Madison Tobacco Warehouse Co.
to Tobacco Growers in this and adjoining Counties.

We are the pioneers in the loose leaf tobacco market in this city, having built the first warehouse for that purpose several years ago and have more recently added a new steel structure so we can better handle your crop. We wish to announce to our friends and patrons that our warehouse will be open to receive tobacco on Thursday, November 20th, our first sale being on the following Monday, November 24th.

In addition to the buying interests of former years we expect to have with us buyers for several new firms. We are better prepared than ever to handle your tobacco. It is not everyone who knows how to run a sale and get the best prices for tobacco. Like every other enterprise that is a success one must know his business from start to finish. Our four year's experience will be worth much to you. It will enable us to secure for you the best possible price. This you may absolutely depend upon. Our pricing facilities are unsurpassed. As to capacity we have almost double that of any other house here. With the addition of our new steel structure we have 42,000 square feet of floor space, aside from three drive ways which will accommodate 150 wagon loads. We have added stalls that now accommodate 200 horses.

Experience has shown that buyers discriminate against badly handled tobacco, especially, as you well know, against that brought in in too high case. If you expect to get the best prices you cannot be too careful in handling and grading your crop. We will have exactly the same management that we had last year and which gave such excellent satisfaction. We are expecting a good strong market and it will be our earnest endeavor to make your crop entrusted to our care to bring top notch prices.

We hope to have your business and assure you courteous treatment. Follow the crowd and come to the Madison house.

Thanking you for past favors, we remain,

Yours very truly,

Madison Tobacco Warehouse Co.

Obelisk Flour and Good Bread

If You Employ the First You Are Always Sure Of The Second.

EVERYBODY who once uses OBELISK FLOUR speaks kindly in its praise as being the best they ever used, it contains nothing but the kernels of selected wheat ground under conditions of perfect cleanliness.

LOOK AROUND, and you will see that the dark shadow of dyspepsia never rests in the HOME where OBELISK flour is used, it is so wholesome, so nutritious, so digestible, that people who cannot eat ordinary bread, can eat with impunity, pie or cake baked with OBELISK Flour.

It gives food for thought in the fact that the demand for this flour is increasing rapidly, as only the best wheat grown in using it, thus causing it to stand pre-eminent among pure white wholesome, and healthful flours, and on that account we are enabled to sell you such a high grade Flour as the OBELISK at such a reasonable price. Look for and save the coupons in each package, they are valuable. We carry a full supply of high grade Coals, Cotton Seed Meal, Salt in sacks and barrels and builders material. BIRTHDAY OF THE SAVIOR.

Since The Fourth Century It Has Been Observed On Dec. 25th.

The observance of the 25th of December as the birthday of the Saviour is ascribed to Julius, bishop of Rome, A. D. 337-352. The eastern church had previously observed the 6th of January

in commemoration both of the baptism and of the birth of Christ.

Before the end of the fourth century the east and west had exchanged festivals, the west adopting Jan. 6 in commemoration of our Lord's baptism and the east adopting Dec 25 in commemoration of our Lord's birth.

The exact date of Christ's birth appears not to have been known in the early church and cannot now be determined. Between the middle of December and the middle of February there is generally in Palestine an interval of comparatively dry weather, preceded and followed by the early and later

rain. Thus there might have been shepherds on the plain of Bethlehem watching their flocks at night.

A LUCKY CHRISTMAS.

Prognostications are made in England and also in this country, concerning the coming year, its prosperity, weather, etc., depending upon the day on which Christmas falls. Sunday, Monday, Tuesday and Saturday, are usually reckoned ill omened days, while it is lucky to have Christmas fall on Wednesday, Thursday or Friday. One old rhyme says: "If Christmas day on Friday be The first of winter hard shall be."

With frost and snow and with great flood, But the end thereof it shall be good, Again, the summer shall be good also.

DICKENS AND CHRISTMAS.

It has been remarked that if Charles Dickens had not written his famous Christmas stories the Christmas celebration as known in England and American today would never have been. This is probably an exaggerated statement, though the fact remains that it was not until the beginning of the nineteenth century that the Christmas season was so greatly regarded as a season of giving and cheering and general expression of joy.

ORIGIN OF KISS UNDER MISTLETOE.

There exists in some places the tradition that the girl who is not kissed under the mistletoe will not be married for a year. With us the old significance and sacredness of the mistletoe have gone, leaving just charm enough to give the well known privilege to the man who meets the girl beneath. We took this custom from the beautiful old Scandinavian lore, where the kiss was originally of the apostolic variety.

ORIGIN OF THE YULE LOG.

The Yule log in England is a relic of druidism. Its name is believed to be a corruption of the wheel log, a wheel in druidical symbolism typifying the march of the sun. The lighting of the Yule fire is reminiscent of the sacred fires kindled by the druids at midwinter in the round towers which yet remain in many parts of Great Britain, Ireland, France and Spain.

SIGNIFICANCE OF HOLLY.

Why holly at Christmas? The pagan Romans dedicated the holly to Saturn, whose festival was in December, around Christmas. The early Christians, to escape persecution, decked their homes with holly and other Saturnian emblems. The Romans sent their friends holly sprigs during the Saturnalia with wishes for their health and prosperity.

SISTINE MADONNA

Representing the Virgin, not as a mother, but as the all powerful queen of the heavens, descending from clouds which are themselves composed of thousands of cherubs, Raphael's Madonna di San Sisto, more commonly known as the Sistine Madonna, ranks by universal consent, as the greatest painting in the world. And is one of the most popular pictures at Christmas.

THE SEVEN SETS OF PRESENTS.

All the world's a Christmas tree.

And all the men and women merely children.

They have their presents and remembrances.

And one man in his time gets many gifts.

His lot being seven series. At first the infant.

With his feeding spoons and rattles; Then the trumpet and tin soldiers,

And fireman's helmet and then the lover Sighing like a furnace with a gaudy necktie

Knit by his lady's fingers. Then a hubby Showered by his friends with socks and gloves

And pipes that will not draw, ink wells of brass

And fountain pens that leak, or else some painted China that his wife can use as well.

And then The middle aged of fair round belly - a little cap

To hide his shining pate. The sixth set sinks

Into the carpet slipper game or bad cigars -

A silver cutter, since his teeth are bad. Last gift of all that ends this strange Eventful history is falling sight.

Then they bring a magnifying glass For grandpa.

CLUBS PLANTING TREES.

That the Middlesboro Woman's Club responded to Gov. McCreary's call for Arbor day celebration, November 6, was evidenced by appropriate exercises. The club was assisted by the Park Commissioner of Middlesboro, who furnished 200 shade trees, which were planted. Twelve hundred school children added to the patriotism by singing "America" while the High School band called the citizens from far and near with their stirring airs.

From the unusually large crowd of democrats who gathered to hear Mr. A. O. Stanley speak at the court house last County Court day, one could fairly judge his candidacy for the Senate is taken seriously here. In his speech he made plain the issues between himself and his opponent, Ex-Gov. Beckham, and, in addition, stated in unmistakable words his position upon important public questions before the people. It is well understood that by this visit and his speech he has made many warm and enthusiastic supporters in this county. His friends knew that he came to a place where there was considerable sentiment for both Gov. McCreary and Mr. Beckham. We believe however, that the greater part of the support given both these gentlemen is based principally upon sentiment. Be that as it may, we know that the candidacy of Mr. Stanley is growing in favor rapidly. And why should it not with all thoughtful Democrats? The selection at this time of a United States Senator is next in importance to that of a President.

Our party at this time is facing a test. What it does or fails to do in the next two years will determine its future destiny. If success follows these forward legislative steps with continued prosperity, then, long tenure of power with a glorious future is history already written. If mistakes be made, followed by financial ruin and disaster, we are doomed to defeat, and our party is a wreck.

We have, under wise leadership at Washington, revised the tariff according to promise, with results generally satisfactory. A disposition of the currency question is now in sight with such laws as will redeem our party pledges and which also promises to be satisfactory to the general public. But in the next party pledge we are to tackle, we take hold of the greatest of all, the Trust Question. Most every phase of business in the country is in some way connected with a Trust. Our party has pledged remedial Legislation along this line, and the party must meet that pledge. Who among our party leaders will prove wise enough to suggest and formulate the law that will destroy the Trust and at the same time will not disturb the business of the country? Mr. Stanley is recognized at Washington as the leader in Washington to formulate and introduce this law upon which the party will hang its hopes. He is perhaps more familiar

with the trust question and has quite as clearly defined in his mind the proper remedy to handle organized wealth than any other legislator now serving in the Lower House at Washington. If the legislation he is now proposing can be enacted into law and the trusts are thereby destroyed without any financial crisis, he is easily one of the greatest democrats in the nation, and thereby will have done his party and the people the greatest public service. With these important undertakings entrusted to him at this time and with all the possibilities for party service and public usefulness, we ask democrats to think and answer for themselves this question: will it be wise to retire him at this time to private life and place in his stead at Washington, Gov. Beckham, totally inexperienced in National legislation. While it is true that Gov. McCreary has served at Washington, yet it is certain that he is not so in touch with these legislative matters that he can do the useful work for his country as can Mr. Stanley in this crisis of our party's history.

We hold that the selection of a Senator at this time is of too much importance for democrats to be controlled by mere sentiment in placing their support. The future of our party depends upon the successful enactment into law of our party pledges, and we are of the opinion that Mr. Stanley is better qualified at this time to serve the party than either of his opponents.

The merchants of Lancaster are making herculean efforts to secure the lion's share of the home trade, they are spending their money in exploiting their wares as they never did before, they have wandered from the beaten paths of advertising and sought the new and novel, have devised new schemes to attract people to town and to induce them to inspect their wares. Nor is this all, "they have the goods" and the prices are attractive, more attractive perhaps than was ever known in Lancaster. Their stocks are new, clean and up to date and compare favorably, not only with neighboring towns of our size, but with those of the cities, and all they ask is that you give their stocks an inspection, give them an opportunity to show you their goods and let you see for yourself if you cannot do as well at home as abroad when you go shopping.

In view of the above facts, do you not think that there is a certain amount of consideration due the home merchants at your hands? Perhaps you live in a remote section of the county, closer to some town in an adjoining county, yet your home is in Garrard, it is your county, you pay taxes here, her interests are your interests, do you not think then you can best subserve those interests by patronizing your county merchants? Digest these facts, think over them carefully and we are sure they will strike you as being but just. Then when you are compelled to buy merchandise, at least give the merchants in your home town an opportunity to show you what they have, inspect their goods, and all things being equal, purchase at home. On the other hand, after giving their wares a thorough inspection, if you are convinced that you can do better elsewhere, of course each of us is seeking to make every dollar have as much purchasing power as possible, then buy where you think you can do best. But by all means give the home people an opportunity at you first.

"And now abideth Faith, Hope and Charity." No one can survey the

progress of the world without perceiving a slow, gradual, yet inevitable tendency to higher and better things. And notwithstanding the triumphs of the human intellect in overcoming the physical burdens of life, the greatest boons have resulted for the increasing humanity of man for man. No better example of the growing conscience and sense of responsibility of man can be thought of than the associated charities that are working all over the country. Charity was formerly considered the private privilege of the individual. It is now held to be the solemn and unavoidable duty of the community. Even Uncle Sam is taking a hand in the matter and ordering no letters addressed to Santa Claus thrown in the waste basket, but turned over to some charitable association, but even with this precaution many will be the tear stained eyes of little children, weeping because Santa Claus did not call at their homes. So we are asking our readers, amid the happiness and joys of the Christmas season, to think of those less fortunate. Half of our pleasure at Christmas will be derived from making others happy. Give something, be it ever so little, to the child to whom Christmas otherwise would mean so little.

Hudson & Hughes adv. on page 3 is a corker.

Santa Clause has arrived at Mrs. W. H. Ward's call and see him.

If you are looking for useful Xmas presents call on H. T. Logan when one dollar will make them do double duty.

Christmas Bazaar.

Miss Lena Bright will hold a bazaar for the sale of Christmas novelties on next Saturday, Dec. 13th, at her home on Water street. Many new and novel articles will feature this sale, and the busy mother and house wife will save both money and time by patronizing this worthy lady.

Poultry Fancier's.

Garrard County will be well represented at the poultry show at Richmond this week. Mr. Russell Brown who has some rare birds of the Rhode Island Red variety, has a nice open exhibition also Mr. John M. Mount an enthusiastic breeder of the White Leghorn variety, will be there with the goods. We hope to hear good results from these popular fanciers.

Santa Claus is the President of the North Pole Manufacturing Co., a concern which was created through the merger of the good cheer corporation and the toyland distributing company. It makes a business of catering to children. The Santa Claus Co. never had any opposition until grown people wanted to be catered to and now there is a concern called the S. P. U. G. society, which is working in opposition to the Santa Claus society, but so far has done little harm.

Mr. Ray Orrell Loses Florida Property By Fire.

We are in receipt of a copy of the Port Pierce (Fla.) News of December 5th, which contains an account of the burning of a house in that city, the property of Mr. Ray B. Orrell. The article is rather vague, in that it fails to state whether or not Mr. Orrell occupied the house. The structure was damaged to the amount of \$200. and was fully covered by insurance. Mr. Orrell married Miss Ethel Dunn of Lancaster.

When People come from Lincoln, Boyle, Jessamine, Mercer and Madison counties to buy goods there must be some good cause, investigate.

Fire On The "Chute."

About 3 o'clock Sunday afternoon fire was discovered in a house on the "Chute" belonging to Cary Mullins and occupied by Tommie Adams, colored. The department responded promptly, but the flames had gained such headway that the building was almost a total loss before the flames were extinguished.

Would Be A Great Convenience.

The Danville Messenger is earnestly advocating an automobile line between Danville and Lancaster, the schedule to be so arranged as to meet the various trains on the Q and C road during the day. This service would be a great convenience and very acceptable to the majority of the people in both towns, as well as along the route. However, we have heard of both trunk and interurban lines coming to Lancaster, we have seen automobile lines established only to quit business after a short but sad experience, and yet we are depending on the L & N to transport us to and from home.

Balloon Ascension A Great Success.

The balloon ascension which was scheduled to be pulled off on last Saturday afternoon was postponed because of inclement weather, it was to "go up" on Monday afternoon, but the weather again interfered. However, on Tuesday afternoon Mr. Bankston made what was pronounced to be the prettiest ascension ever seen in Lancaster. He ascended to a height of, well we do not know exactly, but it looked to us like about a mile, before severing his first parachute, he dropped from three separate and distinct parachutes and his descent was as graceful and successful as his ascension. Mr. Bankston is one of the most daring as well as successful aeronauts in the business.

High School Notes.

(Continued.)

Mrs. Dolly Brown was a visitor at our school Tuesday morning.

The furnace is working and is giving perfect satisfaction.

Bro. Chumbley was a very welcome visitor at our school Monday morning and gave us a very interesting talk.

Bro's Tindler and Smith were Tuesday morning visitors. The latter took charge of the exercise.

Let's buy a Graphophone.

There will be no more exercises on Friday mornings until after Xmas.

A Christmas Prayer

For Children Who Work

BY WALTER RAUSCHENBUSCH.

O THOU great Father of the weak, lay Thy hand tenderly on all the little children on earth and bless them. Bless our own children who are the life of our life, and who have become the heart of our heart. Bless every little child-friend who has leaned against our knee and refreshed our soul by its smiling trustfulness. Be good to all children who crave in vain for human love, or for flowers and water, and the sweet breast of nature. But bless with a threefold blessing the young lives whose slender shoulders are already bowed beneath the yoke of toil, and whose glad growth is being stunted forever. Let not their little bodies be utterly sapped, and their minds given over to stupidity and the vices of an empty soul. We have all jointly deserved the mill-stone of Thy wrath for making these little ones to stumble and fall. Grant all employers of labor, stout hearts to refuse enrichment at such a price. Grant to all the citizens and officers of States which now permit this wrong the grace of holy anger. Help us to realize that every child in our nation is in very truth our child, a member of our great family. By the holy Child that nestled in Mary's bosom, by the memories of our own childhood joys and sorrows, by the sacred possibilities that slumber in every child, we beseech Thee to save us from killing the sweetness of young life by the greed of gain.

Bogie-Noel.

Miss Sally B. Bogie and Mr. Louis Noel, both of the Buckeye section of the county, were quietly married Wednesday afternoon at the home of the officiating minister, Rev. J. W. Beagle, in this city. The bride is beautiful and accomplished and is the daughter of Mr. and Mrs. Mark Bogie, while the groom is a prosperous young farmer and quite capable and deserving of this popular young bride. The Record joins the host of friends of this popular couple and wish them both much happiness.

Henderson-Chumbley.

"Love thee? So well, so tenderly
Thou'rt loved, adored by me,
Fame, fortune, wealth and liberty
Were worthless without thee;
Though brimmed with blessings pure
and rare,
Life's cup before me lay,
Unless thy love were mingled there,
I'd spurn the draught away."

On Wednesday morning at 10 o'clock at the home of the bride's cousin, Capt. J. A. Doty, Reverend Charles M. Chumbley, of Dublin, Georgia and Miss Alice Henderson, of Pensacola Florida, were united in marriage, the Reverend J. Rockwell Smith officiating. Before the arrival of the bridal party an interesting musical program was rendered by Miss Helen Gill. The ribbon bearers, little Miss Lucile Ramsey and Master Claude Rice Gaines were becomingly attired in all white with red as a touch of color. The bride, a daughter of the late Col. John Henderson of this county is well known in this her native town, she having taught in Garrard College. She is modest and unassuming in manner and a devoted church worker in her chosen faith, the Presbyterian, and will add much helpfulness to her husband in his efforts.

The groom, a Virginian, is well known in Lancaster as he held the parsonate of the Presbyterian church here for several years, and is now located at Dublin, Georgia. The newly wedded pair left at once for a bridal trip to Atlanta and a number of other Southern cities.

The readers of this paper will be pleased to learn that there is at least one disease that can be cured in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Georgians Praising Strange New Liquid.

People Who Suffer For Years And Who
Never Expected To Get Well Are
Fast Recovering And Whole
State Is Interested.

So great has been the success of the famous new Root Juice medicine in Atlanta and elsewhere that people all over the state have become interested and reports of remarkable experiences are beginning to come from all directions.

Among the latest and most remarkable cases that have been brought to light is that of Mrs. E. Storm, a well-known resident of Marietta, Ga., who has for over six years suffered from stomach and kidney trouble and whom it is said eight doctors and a number of different medicines failed to cure. In speaking of her strange experience with the Root Juice treatment, Mrs. Storm said: "My appetite was poor, my food would not digest and I suffered frightfully. Gas would form in my stomach and cause belching. Sometimes I would become sick at the stomach and frequently suffered from headaches. I had severe backaches and pains over my kidneys. I was weak, run-down and nervous and at times I could not sleep. When I began to hear so much about the new Root Juice treatment I decided to try it and now, after using only two bottles, I find myself greatly benefited. I am beginning to feel fine. For the first time in four years I am able to work about the house. I certainly do not regret any money I spent for this great medicine for the two bottles I used have done more for me than all the doctors and medicines I tried in eight years."

Another remarkable case is that of Mr. Joseph Bradner, of Jackson, Ga., whose signed statement says that after using two bottles of the juice, rheumatism left him, the swelling disappeared and he feels better than for years.

Reports similar to these coming from all parts of the state seem to prove beyond all doubt that the new medicine is effecting wonderful results in cases of impure blood, rheumatism, weak kidneys, backache, headaches, nervousness, indigestion, belching, loss of appetite, pains after meals and other symptoms of weak or disordered stomach, liver, kidneys or bowels.

It can now be obtained at any good drug store and in view of the great benefits hundreds of sufferers are deriving every day it would seem advisable for home people who seek a speedy cure to give it a thorough trial—Adv.

PREACHERSVILLE.

Mr. Roscoe Colyer has had a bad boil on his neck.

Mr. Tray Duval will soon erect a painting and repair shop.

Mr. Edgar Holtzclaw, who has been sick of gall stones, is better.

Miss Violet Smith spent Saturday night with Miss Katie Payne.

Mr. and Mrs. Newton Gill visited Mr. and Mrs. Matthew Riggsby Sunday.

Master Clarence Anderson, who has been quite ill of Gastritis, is much better.

Mr. Wm. Flansy sold 20 barrels of corn to Mr. J. H. Thompson at \$3.75 delivered.

Miss Jennie Ray, of Garrard, is spending some time with Mrs. J. J. Thompson.

Prof. J. B. Hutchins and wife and little daughter, Elsie, visited Mr. and Mrs. Evan Foley Sunday.

Mr. J. H. Thompson bought two sows and ten pigs from Mr. Steenbergen, of Crab Orchard at 4 cts. per pound.

Mr. Pitt Sampson and sister, Miss Jenny, of near Maywood, were visiting Misses Carrie and Zula Naylor Sunday.

Mr. Fred Durham, contractor and builder, of Pineville, has erected a nice, new barn for his brother, Squire Thomas Durham, near White's Mills.

There will be an entertainment and Christmas tree at this place on the 24th given under the auspices of the Baptist Sunday school and our Consolidated School.

The box supper given under the auspices of our Consolidated School Saturday night was attended by a large crowd. Masonic Hall, which has a large seating capacity, was taxed to its utmost by the immense throng. The exercises began by a bevy of school girls singing, "My Jesus, I Love Thee".

Devotional exercises conducted by Prof. Cyrus Johnson were next. Prayer by Prof. J. B. Hutchins. Song by six girls, "He Came to Show The Way to Heaven". This was followed by Prof. Hutchins in a few appropriate remarks, interspersed with his native wit, prefaced his rapid fire, silver tongued auctioneering. He brought down the house, raked in the cash and helped make our box supper a success. There were 39 elegant boxes which contained feasts fit for the gods, each box being a thing of beauty and a joy while it lasted. Boxes brought from 50 cts. to \$7.50, the latter price being realized from the box belonging to Miss Eder Bartels, of Griffin Station. The fine cake, offered as the prize for the prettiest girl, was also awarded to this popular young lady. The pipe and twist of home-made tobacco was won by Mr. Howard Holtzclaw for the ugliest man. The total sum from the supper was \$70.90. The money will be used to buy an organ for the school. The occasion was one of much pleasure and will be hard to equal. Several of our young men lost their hearts during this delectable repast.

ORIGIN OF CARISTMAS CARDS.

First One Was Designed Nearly Seventy Years Ago.

The Christmas card as we know it has an origin easily traceable, and it is now not quite seventy years ago since the first was designed.

The artist who claimed to be its originator and who was at any rate the first to see its possibilities was W. C. T. Dobson, R. A., an Englishman who when quite a young man in 1844 was prompted at Christmas to make a little sketch symbolic of the season's joys and festivities and to send it to a friend. It seemed to give great pleasure, and the next year Mr. Dobson determined to follow up the idea on a larger scale and by having his card lithographed was enabled to send copies to twenty-five or thirty friends. The delight with which they were received was so great that Mr. Dobson was quick to perceive that he had found out a new pleasure for Christmas.

There will be an entertainment and Christmas tree at this place on the 24th given under the auspices of the Baptist Sunday school and our Consolidated School.

Public Sale!

I will sell at public auction, to the highest bidder, on

Globe-Wernicke
Sectional Bookcases
That Very Particular Gift—

There is someone you desire to remember especially well this Christmas—some dear one whose gift puzzles you. You cannot seem to think of anything nice enough. Let us suggest a carefully selected Globe-Wernicke Bookcase. It will harmonize with the furnishings of "his," "her" or "their" room. Picture the delight such a gift will occasion.

That the Globe-Wernicke Bookcase is useful and practical; that it is beautiful and refined; that it will last a lifetime; that it can be added to as the library grows; and that it adapts itself to rooms of all shapes and sizes, are all points that will be keenly appreciated not only on Christmas day but during the years to come. No gift could be a more lasting remembrance of you.

And the best time to select a Globe-Wernicke Bookcase is during the Special Christmas Demonstration of Globe-Wernicke Bookcases.

Your attendance during this event is cordially invited—even though you may have no buying intention. And since Globe-Wernicke Bookcases are everywhere, secured in the better department stores, libraries, schools, and every home, the very best person should see these bookcases demonstrated.

The Base is placed on the floor and on this base is placed a Book Section or several sets. The Top is placed on the base to complete the bookcase. These parts fit together so perfectly that the bookcase looks as if it were of solid construction instead of sectional construction.

Miss Hallie Coy, of Kirksville, is the attractive guest of her aunt, Mrs. R. I. Burton.

Mrs. Guy Field, of Louisville, has been visiting Mrs. Logan Burke and Miss Patty Belle Burke.

Mrs. Jerry Saudidge and Mr. Henry Saudidge, of Boyle, visited Mr. and Mrs. M. O. Kennedy last week.

Mr. and Mrs. John Peters of Mackville, were the week-end guests of Mrs. C. C. Becker and Mrs. R. K. Swope.

Messrs William and Ben Kennedy, of Crab Orchard, were down to see their brother, Mr. Mike Kennedy for a few days.

Nearly all of the farmers have taken advantage of the recent cold weather

and killed their hogs. There seems to be nothing very much else doing the last few days with this exception.

Mr. and Mrs. John Montgomery who were married in Jeffersonville last week have taken rooms with Mr. Solomon Childers. Mrs. Montgomery before her marriage was Miss Cora Moore of Buena Vista.

He Thought Quickly.
She (coddly)—"So you've been saying to people that I am fond of my own voice?" He—"Er—well, you have yourself admitted that you like music."

One of the Oldest Customs.
The "ancient and fantastic" habit of tattooing is common to all races of men. It is coextensive with the limits of the world, and coeval with human history. From the polar regions to the farthest islands of the south the practice has prevailed, and from the first recorded epoch.

Get Fine Ride.
All offenders whom it becomes desirable to detain for a greater or less period in the new Bordeaux jail, near Montreal, are taken to their temporary dwelling place in a touring car, which traverses a beautiful route, alongside a river, and with serene and uplifting scenery in the distance and at hand.

Lost:—A thin black sow, weight about 150, strayed from my place about Dec. 1st. Any information appreciated. V. A. Lear.

Lawson and Brown bought a topky bunch of 1000 pound cattle of George Rankin for 64 cents a pound. There was twenty five in the lot and were immediately shipped to the Cincinnati market.

WORDS THAT REALLY SPEAK

Many Expressions in the Language That Seem to Convey Instantaneous Meaning.

Bang—"a sudden noise like that from a gun" is the definition given by the dictionary. But the explanation is befogging and futile, for a "bang" is—well, what better describes it than the simple word itself?

So many of our most expressive words seem similarly to have sprung from a desire to form with the lips a sound mimicking the thing described. Why waste words on a definition of the word "splash," for example? You hear all the abrupt, restless heaving of the waters in that one word.

And does even a baby need to be told what "buzz" means when a blue-bottle is leading a forlorn hope against the pantry window?

"Tinkle," "whistle," "whine," "gurgle," "cackle," "icy"—these are only a few of our other eloquently descriptive words.

It is also extremely interesting to note the sharp distinction drawn between the words of opposite meaning so as to emphasize their difference in sound—thus, "brisk, lazy" (or "sluggish"); "hot, icy"; "down, up"; "jolly, miserable," and so on.

EXERCISE IN THE FRESH AIR

No Doctor's Prescription So Valuable as This Simple and Pleasant Occupation.

When health is the great desideratum one should not hesitate to make almost any sacrifice to obtain it. This was well illustrated by the man who recently double-crossed the continent in 522 days. At the time of his leaving on this journey afoot he was threatened with consumption. He realized that fresh air, exercise and sunshine formed the perfect trinity that spells health. He started on that long tramp expecting health as the result. Did he get it? Sure. One gets what he expects—not merely what he hopes for; not merely what he desires, but he must expect to get that for which he hopes and desires; then lay hold of the means, as did this man, whereby the object may be obtained and then retained. He is, as the result of his effort, in the "pink of condition." He weighed 104 pounds at the start, 140 pounds at the finish—and placed a good round thousand to his credit. Best of all, he walked away from disease. Go, thou, and do likewise.

Women Multiply Their Trouble.

The popularity of bridge has swept all records so far this season. Any prominent society dame gets an average of, say, one invitation per afternoon. This she could manage beautifully were the invitations for successive dates. But suppose they bunch themselves so that she gets a half dozen for the same afternoon? Society, through necessity, has evolved a novel plan to meet this. It is the substitute. By the operation of this plan, the much-rushed society woman is enabled to enjoy her afternoon of bridge at the house she chooses, secure in the knowledge that she is being represented by her proxies in five other homes. Bridge for bridge's sake has resulted, for the invasion of the proxy has done away with the social aspect to a marked degree. But the proxy player has come to stay, as she is a necessity in the strenuous life of the social swim.

Basuto Idea of Future Life.

The Basutos believe that the souls of the wicked flutter forever blindly through the jungles of the earth, knocking their heads against trees and cliffs, floundering through swirling rivers and dank, dark swamps and suffering such other casualties and hardships as would naturally beset a sightless flying creature.

HIGHWAY ENGINEERING.

State University, Lexington, Kentucky; To Have Short Course in Road Building.

January 5th to 17th, 1914.

State University Lexington Kentucky, will open a short course in Highway Engineering, January 5th to 17th, 1914, for the benefit of people who are interested in the Good Road Problem of the State.

No tuition will be required for this course and the expense outside of railroad fare should not be over \$14.00. It is hoped that every County Engineer will take advantage of this opportunity to improve his education, and thereby better the Road Condition in his County. Men who expect to become County Engineers or Road Builders should avail themselves of this opportunity to prepare for an examination before the State Highway Commissioner. Special instructions will be given to men expecting to take the County Road Engineer's Examination.

The mornings will be devoted to lecture work, men of the highest reputation in their special line of work have been secured for these lectures and it will be worth the while of any one interested in Highway Engineering to attend these lectures.

The afternoons will be devoted to practical field and office work such as the use of the Transit, Level, plotting profiles, laying grade lines, and making estimates of cost for various kinds of work.

The State of Kentucky has spent millions of dollars on her roads; if these roads had been constructed of material and by methods approved by experienced road builders, they would have been a source of pride and pleasure both to those who built them and to the Commonwealth, instead of having brought censure on all who were connected with the work and added greater opposition to all Good Roads Movements.

It is with the view of equipping men with a better knowledge of road building that the University has decided to give this course. Each lecture will be from thirty to forty minutes in length and after each lecture a period will be allowed in which the subject will be opened for discussion.
